Easter

At this time of the year the Cosmic Christ and different Masters of the Spiritual Hierarchy, with great support from the angelic host, send renewed life to Mother Earth and to her beautiful outer vestment, nature, rekindling life not only in her but in her human population with downpourings of Light in all the splendour of a magnificent rainbow which shall shine over the Earth on the Aries Full Moon. Christ with all His golden auric emanation overshadows the Earth and rains blessings upon humanity, reminding them of His eternal love for them.²

Concerning participation in spiritual activities

If you have a serious physical or psychological condition, you are advised against taking part in activities that call upon spiritual energies without prior consultation with an experienced meditation teacher. Where serious illness or imbalance is present, it is recommended that the body and mind focus on healing and regaining balance. In these cases it is better to work on healing in cooperation with health care practitioners through, for example, relaxation, positive thinking and stress reduction. Also, if you use or have used illegal drugs, psychoactive medications (for example, antidepressants, mood stabilisers, tranquillisers, hypnotics and so forth), or alcohol (more than the occasional social drink), a minimum of 3-7 years free of using such substances is recommended before it is advisable to participate in spiritual activities.
